# A COURSE IN THE MAGIC OF CRYSTAL ALCHEMY

*BUILDING "BLISS"; THE LIFE-VILLAGE OF YOUR DREAMS*

## LESSON 1 INTRODUCTION

Welcome. We are pleased you have joined us. We have a wonderful course for you. It is the first of its kind, and quite unique.

This is the only course anywhere that teaches this subject. Crystal Alchemy has been shrouded in secrecy for millennium. Only a trained alchemist of the Alchemist Guild skilled in crystal energy could bring you this course. And the permission of the Guild was needed.

Secondly, it is presented in two parts. The first is a free introduction being offered to all Crystal Vaults subscribers. It teaches the very basics of this exciting new way to really use crystals. The first 8 lessons are being sent **FREE** to all subscribers. So, there are 7 more coming in the next two weeks. You will learn the basics and actually know the secrets to making crystal essences. You will have an extract from the

Crystal Alchemists Handbook with the exact formulas you will need.

The second part is a hands-on lab course in making crystal magic with crystal alchemy. It is not difficult, and takes no special tools or equipment, but the methods have never been revealed before. This part of the course is being offered as a **FREE benefit** to all our Annual and Lifetime Members of the Crystal Inner Circle. It will be posted there over the coming few months.

Finally, this course is written and not video. The reason is that, as a crystal alchemist, you will need ready access to this course material, and printed pages work best in a laboratory, even if it is just your kitchen.

So, let's start at the beginning.

This course is about magic - and learning how to bring it back into your life using Crystal Alchemy. In this course, ancient secrets and modern science are combined to finally give you

control of your life. There are secrets revealed here that have never been discussed outside of secret guilds and organizations.

However, the world has changed. With the blessings of the Alchemist Guild, the author, Hank Mason, a Crystal Master, Reiki Master, Gemologist, crystal author, and an actual Certified Alchemist of the International Alchemist Guild will show you step-by-step **how to bring real Crystal Magic to life through Crystal Alchemy.**

We use a metaphor in this course; an imaginary village named "Bliss". It is modeled on a typical English village with its village green and tea shops surrounded by the green fields where the sheep graze and the farmers work. It is peaceful, tranquil, and simply joyful to live there. It has the shops, houses, pubs, walking paths, and forest glens that represent all of our desires.

We coined the phrase “Life-Village” to describe it because we are going to build this village first in our minds, then we are going to learn how to visit there and how to bring it into our real world whenever we wish. The village is an imaginary place in our minds, but in many ways, you will discover that it is quite real. And once we build it, we will learn how we can bring any part of it to our real lives as we need them. We will build it with magic and we will visit it with magic.

As previously mentioned, much of what you will learn has never been revealed outside of the guilds. Ancient alchemists were a secretive lot. But with this course that has changed. You will be amazed to learn that wonders you just thought might exist really do exist.

And you can easily control and use them to make life better for yourself and others. This course will show you how.<sup>1</sup>

## THIS COURSE OUTLINE

We will start with a discussion of magic. Then we will delve into exactly what Crystal Alchemy is all about. We will explore the Inner Laboratory of the Crystal Alchemist. In this laboratory of images, thoughts, and feelings, the Alchemist uses the tools of ritual, belief, mindfulness, and intention in his creative efforts. We will explore each in turn to show how you can use these tools to create the magic of Crystal Alchemy.

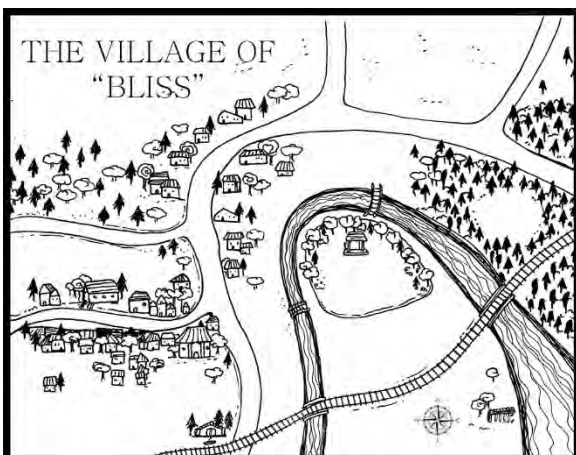

The key concept of “essence” is our next subject. This is most important to understand as it is the basis of crystal alchemy’s magic. Essence is defined as the intrinsic nature or indispensable quality of something, especially something abstract, that determines its character.

Next, we will visit the Outer Lab - learning what equipment is used by Crystal Alchemist. We will see a complete list and gain an understanding of each item we will be using in our magical alchemy lab.

With a basic familiarity with the tools and the equipment of the Crystal Alchemist, we will start the hands-on training, beginning with making and using a simple crystal essence. A page from the Crystal Alchemist Handbook will help assure our process is perfect.

Next, we continue with the hands-on laboratory work with learning to extract the color essences and tinctures of crystals and stones. Exact, specific instructions will be provided that have never before been published or shared with non-members of the Alchemist Guild. The instructions are all provided in the Crystal Alchemist Handbook which accompanies the rest of the course.

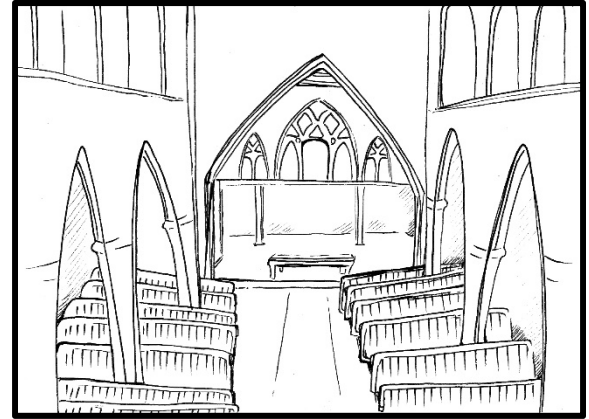

We will then begin to build our Life-Village of "Bliss" by expanding our Crystal Alchemy skills and making Elixirs. We start with one to find **Peace** - and we will learn how to bring it into our lives when needed. We will create a

Glen in the Woods near our new Life-Village where we can go

to experience peace and tranquility through a magic crystal elixir.

Next, we will build our elixir expertise by learn how to find forgiveness and be happy with the magic of Crystal Alchemy. We will create our Village Church (**Forgiveness**), and a Fishing Pier. (**Happiness**). These additions to our Life-Village will be made using crystal tinctures, elixirs and specific rituals. With our ability to make crystal elixirs, we will expand our knowledge into

Crystal Aromatherapy - the new art of combining crystal energy with that of the plant kingdom.

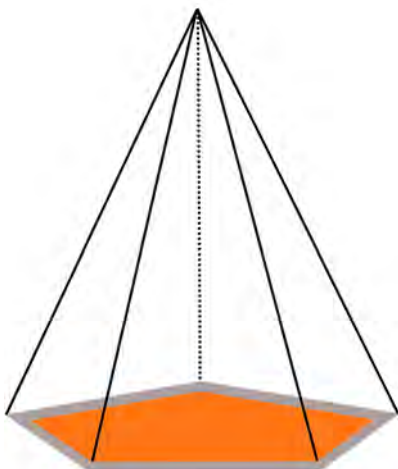

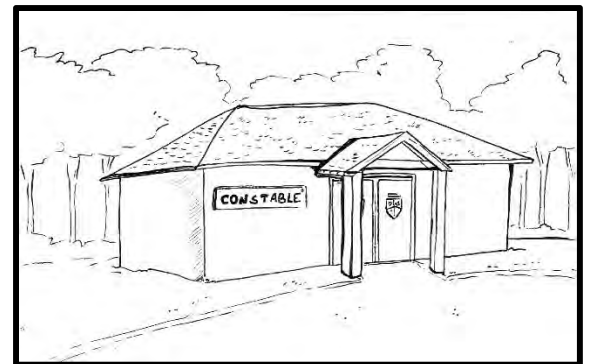

We will continue to build our Life-Village by learning how to use our skills as a Crystal Alchemist to find friendship and money by constructing the pub (**Friendship**) and the Village bank (**Money**), using Crystal

Aromatherapy processes and mixtures combined with actual crystals and herbal essential oils.

The course continues with a section on making talismans and amulets. Using our knowledge of the Zodiac and the travels of the Sun and Moon, we find the perfect symbols and optimum times to make protective talismans for anyone. Easy to follow instructions will assure everyone can make and use talismans and amulets for their safety and security.

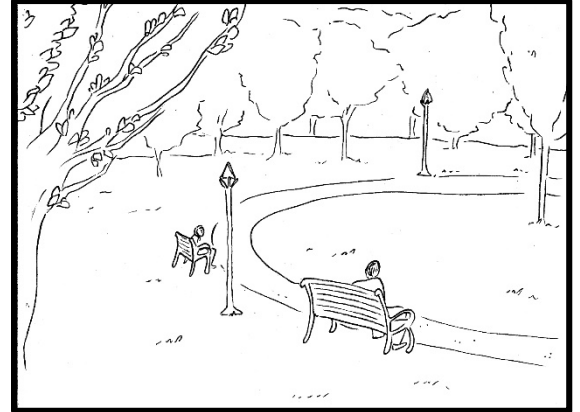

The constable's office (**Security and Safety**) will be constructed in our Life Village to provide a place we can always go to for protection. We will also make a special amulet of Protection.

Our final section introduces pyramid power and its uses in Crystal Alchemy. The mystery of the power base of the pyramid shape is still unsolved, but using it is now within our understanding. We will use that power to find

love and our house (**Love**) in our Life-Village so we can always find these things in our lives.

Finally, we will find **Joy and Freedom** using all our skills to make essences, elixirs, and aromatherapy sprays to visit the Village Green.

At the end of this course, you will know how to use magic to make the life you want. You will have created the beginnings of “Bliss” your Life-Village and you will be able to bring any part of it to life when you need to. You will be able to use the power and energy of Crystal Alchemy to constantly improve your life and spirit. You will be amazed (and a much happier person).

**Coming up in Lesson 2:** We’ll delve into the subject of “what is magic”. And to answer your question, yes, it is very real. In the lesson we’ll go over sympathetic magic, the Law of Contact, and the concept of essences.
